26 September 1968

MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Weekly Report of the Office of Training

25X1C

1. Talk Well Received

ons Course recently featured a talk by

25X1C

25X1C

who had been working with the Agency approximately two years.

His presentation, in heavily accented but intelligible English, received enthusiastic response from 25 students and a number of visitors.

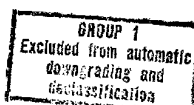

2. Off-Campus Program Registration Hits 130

A tally of registrations for the Fall Off-Campus Program reveals 34 registrants in four George Washington University courses and 96 employees enrolled in eight American University classes. One hundred out of the total of 130 students are Agency sponsored. Both universities relaxed requirements on the minimum number of students per class.

3. Information for Domestic Real Estate Task Force

A compendium of statistics on physical plant data and student use of classrooms has been prepared by and forwarded to the 25X1A6a Domestic Real Estate Task Force. Responding to requests levied by the Task Force, the Public Works Branch alone expended about 160 hours in compiling data.

7. Language Training in the CS

We recently prepared a report for the DBP/TRO concerning the number of CS employees now in language training. There are 66 full-time and 37 part-time students from 10 divisions studying 13 languages. A similar status report will be submitted every 90 days, and the next report will reveal the number who completed planned programs and those who withdrew prior to completion. The Chief of the Language School has begun a series of visits to customer offices to discuss the Language School's capabilities and limitations. He has already met with chiefs of the Africa and Far East Divisions.

8. Non-Agency Briefing

The Agency film on National Estimates was shown at the Defense Intelligence School on 17 September to 106 members of the Defense Intelligence Course. Following the film, an OTR instructor conducted a half-hour question and answer period. The combination of the film plus the question period proved to be a very effective briefing package.
